

# Ken Holmes

Now here is a well kept secret from Ken's workshop.

A beautiful looking model, revealed at the 3 in 1 (Triathlon) day.

It was a full on day so I am short of information.

Whilst I remember being impressed by how well it flew too, I don't think that Ken scored any great success in the Wacky Races on it's maiden outing.

Return with the back button in your browser or go directly to the [2023 Hanky Planky Wacky Races page](#).
